### Good Morning Optimist

The Chill is going....

We were greeted this warmer than usual morning by new member **Tom Wos** who was happily and energetically waving the faithful in. As usual **John Marinos** had prepared a tasty breakfast of scrambled eggs, hash browns and delicious pork cutlets for all to enjoy.

It was another great early morning buffet and still the best deal in town.

### First Bell

**President Ed** opened the meeting with our invocation by honoring the Optimist spirit of how we all make a small difference and positive impact by our service to others, speaking to the importance of how the pebble in the lake creates the ripples of impact, as they affect others.

### Guests

There were no guest today, but **Fred Pasternack** made a feeble attempt trying to make returning long time member **Bill Wells** a "guest." Good to see ya Billy. (Fred sponsored Bill years ago.)

### New Member

**Fred Daniels** was inducted as a new member and was surrounded by assorted Board members and Officers and Sponsor **Phil Perington**.

Ed then asked everyone to read the article in the newest edition of the *Optimist International* magazine, featuring Gov. Ron Benson. The article highlights his outstanding work on promoting the FOO (Friend of Optimist Program) in CO-WY District 25.

He ended by thanking everyone attending **Gerry Davis'** memorial service, with special thanks to **John Young** and **Donlie Smith** for their kind remarks and reflections. Over \$500 has been received in his name by the club, to be placed in our treasury for our Service to Youth programs.

### Happy Dollars

It's been awhile since the HD bucket has made the rounds so this morning we had an invigorated compilation of happiness and dollars. **Prez Ed** noted that due to the lack of the Sargent at Arms petty and frivolous assessments, a new cash flow was sorely needed. So **Gary Laman** passed the spittoon bucket.

**Jim Easton** was grateful for the Girl scouts cookies. **Lou Lerner** was happy that his daughter has been accepted for a scholarship

The event will take place at the Boys and Girls Club, 8<sup>th</sup> and Inca on Tuesday, February 8<sup>th</sup> at 4 pm. Be early to set up. Over 100 kids are expected so please try and help out. Gary also mentioned that the fine dining at the Hyatt Tech Center is a wonderful experience. We should all try it out, inasmuch as the chefs/staff do a tremendous job on Thanksgiving preparing the turkey and fixins' for the Boys and Girls Clubs.

**Brain Bowl & Wine Tasting:** Not to be outdone **Karl Geil** again reminded us of the Brain Bowl on Saturday the 6<sup>th</sup> and the Wheat Ridge fundraiser at a wine tasting event to be held at 3890 Kipling Unit E. Karl also presented a possible challenger for the worst read word at a Brain Bowl, currently held by **Fred Pasternack**. Fred holds that title based on his interpretation of the word "organism". The misread word "annals" was up for the challenge, but lost by a lopsided no vote. Fred is still the Champ!

## Our Speaker

New member **Fred Daniels** introduced our guest speaker, Perry Jowsey, Development Director of Freedom Service Dogs. Website: <http://www.freedom servicedogs.org/>.

Freedom Service Dogs (FSD) was founded 24 years ago as a result of a 16-year old high school student on vacation in Mexico having become a paraplegic due to a swimming accident. The 1<sup>st</sup> FSD service dog brought comfort and aid the young man and he is now leading a positive and productive life.

Perry also told us the story of a young girl suffering from M.S. who was given a Service dog trained to pull her up and assist her in getting out of bed every morning. Something she had never done before until her new friend and companion arrived on the scene. Cerebral Palsy, diabetes and spinal bifida patients are also beneficiaries of the program.

Another remarkable program FSD provides is intensive training—dogs to injured veterans returning from combat, many of them still on active duty soldier. Dogs are trained to help them with prosthetics and mobility issues. CBS News recently featured a special report on the program. You can see that video clip on their home page. As of the first of the year, ten dogs have been provided to date. Training costs up to \$25,000 and takes 9-10 months. Dogs between the

age of 1.5 and 3 years are the best qualified. He also noted that all potential service dogs come from animal shelters. Not only does the client benefit but the dogs they are also given a new lease on life. The preferred breed is lab-mix but all dogs between 60-90 pounds are used.

In 2005 only 4 dogs were placed compared to 27 dogs in 2010. There are currently 35 people on a waiting list which can be up to 18 months. Prison K-9 dogs are being used to help with a 10-12 week training regime. Perry recalled the heart-warming story of a 9 year old girl with cancer who had endured an intense chemo therapy treatment and was in need of a companion dog. She started the "Stink Bug Project" named after her treatment and proceeded to raise money by selling dog biscuits. She was successful and now has a service dog.

FSD takes no government funding and relies solely on the private sector for financing. Their budget this year is 1 million dollars. The major portion of their money goes to training and placing Companion Dogs. There are volunteer opportunities for helping train and walking dogs. There is also a need for Foster Homes while the dogs are in school.

It was decided that all the Happy Dollars and added donations (\$146) would be presented to FSD. A copy of FSD's *Winter Quarterly Newsletter of Freedom Service Dogs* is attached with this issue of GUMS.
