Good Morning Optimist

Greeters **Doc Gardner**, our newest member, and **Woody Thibodeau** helped us overcome the disappointment of a late breakfast. Our member and chief, **John Marinos** was not in the kitchen this morning. Enough said. More bright spots, in addition to our greeters, were the colorful shirts worn by **Jack Kleinheksel**, **John Stoffel**, **Al Gapuzan** and **John Young**. Jack offered that his wife buys his shirts, choosing the brightest she can find. That helps her know where Jack is at all times. Look'en good guys!

Invocation and Pledge

President Randy Marcove rang the opening bell at 7 a.m. and invited past president **Pat Bush** to the podium, who did not want to be confused with Past President George Bush. Pat invoked the *God of Encouragement to help us spread the ideals of Optimism*. This was followed by our pledge to the flag of the United States of America.

U.S. Flag Presentation

Steve Kady introduced a video of comedian Robin Williams dressed as “*The Flag*” and narrating as the personification of the flag. It was humorous as well as thought provoking. If you missed it or just want to see it again—[CLICK HERE](#). One segment: “*People ask me how I stay young. Not by jogging, not by lifting weights, but by waving!*”

Then **Steve Kady** and **Allen Yockey** introduced **Susan Lind**, president of *Flags by Susan*, who will be donating a flag to the Ronald McDonald House in the name of the Optimist Club of Monaco South. We are indebted to her for this generous act on our behalf. Thank you Susan!

As you may recall, back in June 2010, Steve Kady and Jack Kleinheksel showed off the first flag and plaque that OCMS presented to the Ronald McDonald House.

Guest

Dr. Jeff Albright was our guest today. Doctor, we hope you liked what you saw and will join us in our efforts to help kids.

Tom Mauro was expecting his nephew Mike to repeat his visit with us, but did not show. Tom also expects Mike to join us in membership under the new policy of a \$30 membership fee for those under 30 years of age. We look forward to seeing you Mike!

From the Prez

Prez Randy called our attention to the attendance of **Casey Funk**, an attorney with Denver Water, who had been away for a while. Welcome back Casey!

A Sad Note from Ron Gutru

Sorry that I can't participate! I've been in the hospital for brain surgery and in rehab since until yesterday. I was released but under strict controls and being moved to an assisted Living unit in Plattsmouth, Nebraska, so I'll be closer to my oldest daughter to look after me! I'll no longer be able to attend Optimist Monaco South meetings. I'll miss you all!

From Prez-elect Paul Simon to all MSOC Project Directors: MSOC Members, with a new Optimist year just around the corner (Oct. 1st), it's time to consider leadership of our many fine programs. We're also evaluating which programs to add and, possibly, which ones to drop. Tell me as soon as possible, preferably via email at paul4123@comcast.net.

Speaker, Jim Lewis, Traveling with Special Needs

Paul Bernard introduced Jim Lewis from Cruise Planners, see santaclauscruises.com/ talked about people with special needs and their ability to travel by taking advantage of assistance available at airports, hotels, cruise ships, etc. Jim recommends requesting a wheel chair from airlines, no charge, when you travel by air. Typically airport porters know where the elevators are, and will take you to the train at the front of the line. They also get you through security in a most efficient manner. Again, front of the line at the boarding of the plane.

Many cruise ships, particularly those registered outside of the United States, do not have to abide by laws to accommodate those with disabilities. Additionally, they do not rest on American soil. Some do accommodate special need people on a voluntary basis, however. Many rooms on newer ships are built for the handicapped, but many older ships that have been remodeled still have step-up thresholds to get into the bathroom and narrow doorways that a wheelchair cannot maneuver.

Jim mentioned that some land tours provide variable accommodations. He also mentioned that some travel companies specialize in tours for those with disabilities and locate tours that utilize buses that have wheelchair lifts. He also spoke about some ships and at hotels can now accommodate special food diets available. He suggest that special need travelers check to see if equipment is available to rent, such as oxygen, CPAP and Sleep Apnea equipment, etc.

Jim says, Special need individuals can go any-

where, but need to plan ahead!

John Oss offered that his wife broke her foot two weeks before their booked cruise. They requested a wheelchair for her. He recommends that the next time you plan a cruise, that you break your wife's foot. Their trip was a breeze!

Jim Lewis speaks on traveling with a special needs person.

And yes, Jim shared that he plays Santa Claus periodically around Christmas time. Well **Craig Eley**, our in house project director of the Tree Lot Santa Shed, was spotted arm-twisting Jim to join the ranks of our elite group of Santa's.

Good work Craig!
